Launchit Ventures Inc. a HealthTech venture studio, and Webility Solutions Inc., a related Hamilton-based software development firm, is announcing the acquisition of Burlington-based Nuway Software Inc. ("Nuway").

Nuway is a Canadian leader in the enterprise mobile software space and provides scalable mobile solutions for companies like Wesbell Logistics, TST-CF Express, Neptune Technologies Group, Purolator, Sleep Country Canada, Canpar, Loomis and many other national brands.

The acquisition will see the combined company increase resources and technology scope to offer a wider breadth of services to all existing and new clients, moving forward.

Nuway President, Peter Neely said, "The acquisition creates a larger presence in the market with increased resources, talent and aligned vision. Our current clients are offered the best of Nuway and Webility in the design and development of leading enterprise technology strategies, for the next decade."

Launchit Ventures and Webility are related companies operating in Hamilton, Ontario.

Launchit Ventures is a HealthTech venture studio that offers a new model for entrepreneurship, combining company building with venture funding, to develop new businesses faster and with less risk.

Webility Solutions is a provider of custom software focused on "big data" solutions. In addition to being the software arm of Launchit Ventures, they service clients in the healthtech, finance, and green technology sectors. The acquisition of Nuway Software is part of a growth strategy focused on enterprise data management and analytics.

"We are focused on some of the toughest challenges out there", explained Jamie Harsevoort, founder, and CEO of Webility Solutions, "and both Nuway and Webility's clients will benefit from the combined strengths that this acquisition brings."
